Dedication

This year the 1961 THOROBRED is dedicated to you, our parents, who have struggled and made great sacrifices in order that we might further our education.

The words in the following poem best express how much we owe to you:

At night when supper's over,
And dishes are all done,
We gather 'round the table
And lessons are begun.
Our older sister, Gertrude,
A college freshman now,
Is getting educated,
But still needs help—and how!
For when a theme's assigned her
She asks for help from Ma;
And Johnny, high school junior,
Does algebra with Pa.
And Mary, a ninth-grader,
Can't get her history.
Why someone has to help her
Is sure a mystery!
Ma hears me say my tables;
Nine nines are eighty-one.
Then come the states and cap'tals,
From Maine to Washington.
At last our work is finished,
And books are put away.
Pa says with satisfaction:
"Well, there's another day.
We toil and labor daily
These kids to educate.
We coach and tutor nightly
So they can graduate.
As parents we have studied,
We've had our 'ups and downs ;
We ought to get diplomas
And wear those caps and gowns.

Anonymous

Since there is neither a degree nor a diploma given to parents for their hard work and sacrifices, this is our way of giving you our Degree of Thankfulness.

Edna Marie Hogue

PRESIDENT RUFUS B. ATWOOD

THE PRESIDENT'S MESSAGE

Kentucky State College

Frankfort, Kentucky

OFFICE OF PRESIDENT

January 26, 1961

To the Parents of Kentucky State College Students:

It is our conviction that parents who are supporting their children in college have made a wise decision. In these days of complex society, more and more education is demanded for the work that must be done. We are happy that so many parents have chosen Kentucky State College as the institution for their children to attend.

Every effort is made to keep the program of the college in tune with modern-day trends in education. Toward this end the curriculum is revised whenever the situation demands it. The faculty of the college is strong and dedicated to the lofty calling of instructing and guiding students toward the better things of life.

Physical facilities at the college are constantly improving. Alumni House is now under construction at a cost of \$48,000 for the comfort of graduates when they return to the college from time to time. This has been sought by the Alumni a long time.

A new gymnasium is in final plans and soon will be under construction; preliminary plans are being drawn for a Fine Arts building to cost \$700,000. The purchasing of land adjoining the college is continuing in order to guarantee space for advancement of the college.

I commend the Yearbook Staff for dedicating this book to you, our parents, who have contributed greatly to the growth and progress of our college.

Very sincerely yours,

Rufus B. Atwood
President
